SELAM WAGAYE

Software Engineering Student

selamwagaye22@gmail.com +251 927 077 561 Addis Ababa, Ethiopia

PROFESSIONAL SUMMARY

Motivate third-year Software Engineering student at Addis Ababa Science and Technology University (AASTU) with hands-on experience in software development, backend engineering, database systems, and web technologies. Proficient in Python, Java, C++, HTML, CSS, and modern development tools. Possesses foundational knowledge in cybersecurity and networking, combined with strong leadership, teamwork, and problem solving abilities. Seeking opportunities to apply technical expertise, gain industry experience, and contribute to innovative software solutions.

EDUCATION

Bachelor of Science in Software Engineering, 09/2024 – 07/2028
Addis Ababa Science and Technology University (AASTU) Addis Ababa, Ethiopia

Relevant coursework: Object-Oriented Programming (OOP), Data Structures and Algorithms, Database Design and Management, Development, Networking Fundamentals, and Cybersecurity Fundamentals.

PROFESSIONAL PROJECTS

4M Café Expense Tracker , **Financial Management Web Application**
Technologies: JavaScript, HTML5, CSS3, LocalStorage, Web APIs
- Designed and implemented an interactive user interface for café expense management.
- Developed real-time expense tracking and categorization features.
- Implemented client-side data persistence using LocalStorage.
- Improved usability through dynamic financial reporting capabilities.

Ghost in the Signal , **System-Level C++ Application**
Technologies: C++, Data Structures, Algorithms, Memory Management
- Developed efficient low-level computational logic.
- Optimized memory allocation and resource management.
- Implemented algorithmic solutions for complex processing tasks.
- Enhanced execution performance through code optimization.

Banking Management System , **Full-Stack Management Portal**
Technologies**:** Python, OOP, File Management Systems
- Developed secure account management functionalities.
- Implemented deposit, withdrawal, and transfer operations.
- Applied object-oriented design principles for maintainability.
- Integrated data validation and error-handling mechanisms.

TECHNICAL SKILLS

Programming Languages
- Python
- Java
- C++
- HTML5
- CSS3
- SQL

Frameworks & Technologies
- Django
- Spring Boot
- Vaadin Flow
- Docker

Development Tools
- Git & GitHub
- VS Code
- Maven

SOFT SKILLS

- Leadership
- Communication
- Time Management
- Critical Thinking
- Team Collaboration
- Problem Solving
- Adaptability

LANGUAGES

English
Fluent

Amharic
Native

EXTRACURRICULAR ACTIVITIES

Felege Elders Development Association, Volunteer Member
- Participated in community support initiatives.
- Assisted in volunteer coordination and outreach activities.
- Contributed to programs supporting elderly community members.
